

remote sensing

SIOS's special issue on
Earth Observation (EO), Remote Sensing (RS) and Geoinformation (GI)
applications in Svalbard

Open for submission!
1 March 2020 - 31 December 2021

Up to 50% discount for
SIOS related manuscripts!

In-situ measurements (blue dots) cannot cover entire Svalbard. Help to close the gaps in the observing system by publishing your EO and RS research in this special issue!
